

COALITION 2001

URGENT ACTION ALERT UPDATE

July 27, 2005

UPDATE

The calls are working!!! As you may have noticed from this morning's N&O, the Senate has agreed to go with the House's position on **no cuts** for Medicaid Aged, Blind, Disabled. This is very good news.

We are also hearing that the budget may be finalized in the next few days, even over the weekend, and be on the floor for a vote next week.

If calls are made, continue to remind on this item by thanking the leadership, and anyone else you talk to, for caring about people with disabilities and not taking those cuts.

Action

If you continue to make contacts, please thank legislators for making the decision to NOT cut services to people with disabilities.

For the Coalition Legislative Handbook or a list of all of the legislators and their contact information go to www.cpdmi.org and click on the link to the Coalition pages.
